

AN ALLEGED MIRACLE.

Frere Nethelme Said to Have Been Rescued from the Grave.

MOST WONDERFUL CURE EFFECTED

By the Intervention of Jean Baptiste de la Salle—Christian Brothers Ask to be the Founder of the Order Canonized—The Pope Investigates.

MONTREAL, June 15.—Catholic circles in Quebec, clergy as well as laity, are very much exercised over a cure which is claimed to have been effected by the direct intervention of Heaven, and by which a priest paralyzed by disease is said to have been immediately made strong and healthy.

The alleged miracle is pronounced more wonderful than any performed even at the famous shrine of Ste. Anne de Beaupre, where every year thousands of pilgrims and devotees stricken with every disease under the sun congregate, and where numerous alleged miracles are said to have been performed. Indeed, so wonderful is considered this last manifestation of *le bon Dieu* that it has been brought to the direct notice of the Holy See in Rome, and even the Pope is interesting himself in the affair, while here an apostolic trial is at present going on under the direct supervision of His Grace Archbishop Fabre with a view of proving the truth or falsity of the alleged miracle.

The cure is said to have been performed at Frere Nethelme, a member of the order of Christian Brothers.

A DEPERATE CASE.

Frere Nethelme, who is now forty-seven years of age, joined this order several years ago. He was then in the enjoyment of good health, but in 1881 was taken suddenly ill and for several years remained in what seemed to be a dying condition. He vomited large quantities of blood and had to be installed in the Hotel-Dieu Hospital. In 1888 Frere Nethelme was stricken with partial paralysis, the lower portions of his body becoming lifeless, while sores broke out on the upper portion. He was unable to walk or even to move his legs, and had to be carried about like a child. The next year the paralysis attacked the back and his insensibility became so great that pine could be pushed the entire length into his body without pain to himself, while if a finger was pressed into the flesh and taken away again the indurated remained there.

The doctors who were attending Frere Nethelme then gave him up, stating that it was impossible for him to live much longer. In his distress Frere Nethelme bethought himself of good Jean-Baptiste de la Salle, founder of the order of Christian Brothers, and when his anniversary came around Frere Nethelme decided to undertake a novena, or a nine days' prayer. The "novena" ended on May 4 last, when Frere Nethelme was carried to the chapel, where he heard mass and partook of the Holy Communion.

A WONDERFUL CHANGE.

At this time the paralysis left him, although when he was carried to the church he was in a fainting condition. As soon as he had partaken of the Eucharist, Frere Nethelme, to use his own words, "felt an indescribable and glorious sensation" running through his body, and in an instant he was standing on his feet, a thing he had not done for years. Unassisted he returned to the pew, where he knelt in prayer for forty-five minutes. After rising he was able to climb a long flight of stairs, and since that time has been as strong in body as ever, the paralysis and sores having left him entirely.

This wonderful cure is attributed by the members of the Christian Brothers, to the direct intervention of their beloved founder, Jean Baptiste de la Salle, with the Almighty for the cure of Frere Nethelme, wherefore they desire that he should be canonized and made a saint. The alleged miracle was reported to Archbishop Fabre, who in turn transmitted it to the Pope, with the request that their "beloved brother in heaven" should be canonized.

A GREAT HONOR.

Canonizing a dead brother is esteemed one of the greatest honors that can be conferred upon a Catholic order in Quebec, and the Christian Brothers are therefore making every endeavor to prove that the cure of Frere Nethelme was a genuine miracle. Such claims, however, are very strictly inquired into, for, as Vicar General Morrehal informed me to-day when I called upon him in regard to the matter, "there must not be the slightest possible doubt on such a matter. If any doubt at all exists the Pope will not give his consent to the canonization of the one who is supposed to have brought about the miracle."

The Pope ordered that an inquiry be made, and forwarded a list of questions to be put to the witnesses. Tribunals of such a nature, while always held secretly, the faithful ever being kept in ignorance of what transpires, are at the same time most impressive. If those who claim the miracle succeeds in establishing their claim then the information is scattered broadcast, but if a doubt exists nothing more is said about the matter.

The ecclesiastical tribunal is being held in Archbishop Fabre's private chapel. The Roman Catholic clergy in Quebec have no power to render a decision in the matter, as the evidence taken is forwarded to Rome, where the Holy See decides.

BLOODY CHRISTENING.

A Free Fight in Which a Knife and Pistol Were Used.

NEWARK, N. J., June 15.—A general fight, in which the knife and pistol were freely used, took place this afternoon at a house where an Italian christening was being held. Among the guests were John La Fonte and John and Vincenzo Caputo, brothers. La Fonte and Vincenzo quarreled, when John interfered and for his pains received a stab wound in the abdomen inflicted by a stiletto, in the hands of La Fonte, who promptly made tracks for a saloon close by. When Vincenzo realized that his brother had been stabbed, he started to find La Fonte, an old navy revolver clutched in his hand. He found him and shot him three times. La Fonte at the time being on the run. Two bullets lodged in La Fonte's shoulder, and the third in the breast near the heart. Vincenzo Caputo was arrested and La Fonte was taken to the City Hospital in a dying condition.

A Big Deal on Foot.

DUTTE CITY, MONT., June 15.—It is said that August Belmont, as agent of the Rothschilds, has been instructed to close a deal by which the latter will, in

September next, take possession of the great Anaconda copper mines. The price to be paid is stated at between \$20,000,000 and \$25,000,000. The purchase by the Rothschilds is said to be for a foreign syndicate.

UNJUST TO SAM SMALL.

Report that He Was Expelled from the Methodist Conference Untrue.

PHILADELPHIA, June 15.—With reference to the report telegraphed from Denver on Friday last, Rev. Sam Small says the Colorado conference is misrepresented and himself damaged by the incorrect statement that it had dismissed or expelled him from the Methodist ministry. He says he would need to be first tried and convicted before such action could be taken. Having resigned the Presidency of Utah University, and his accounts therewith having been audited satisfactorily, he asked Doctor Illiff, his ecclesiastical superior, to be reported by the Colorado conference, and they be discontinued further connection. The vote in the matter was purely formal and in no sense penal or condemnatory. No charge was ever preferred and none is pending in the church courts against Mr. Small. He will, he says, continue his labors as heretofore.

"FRITZ" EMMETT DEAD.

The Famous Comedian Succumbs to Pneumonia at Cornwall.

CORNWALL-ON-THE-HUDSON, N. Y., June 15.—"Fritz" Emmett, the comedian, died at 11:15 this morning of pneumonia. Mr. Emmett was in poor health when he arrived at Cornwall about ten days ago, and symptoms of pneumonia developed about a week ago. He and his son came to Cornwall to spend the summer, and had rooms at the Storm King House. He was in charge of a nurse. A village doctor visited him daily, and at last a New York physician was called in for consultation. Mr. Emmett spent several months here last summer and was so well pleased with the place that he expressed the intention of buying a residence here.

Making the Law Odious.

TACOMA, WASH., June 15.—As a result of the prosecution of the saloon keepers of this city by the anti-Sunday saloon association, not a saloon was open yesterday. The saloon keepers, after being convicted, decided to have enforced the entire Sunday closing law which forbids any kind of business being done except that of undertakers, livery stables and hotels. Yesterday, in addition to saloons and gambling houses, not a restaurant, cigar store or news stand dared to open.

It is thought the effect of this wholesale closing will bring a repeal of the statute and defeat the Sunday closing movement. The hotels could not accommodate the hungry crowds used to getting meals at the saloons.

Sun's Yacht.

NEW YORK, June 15.—The police of the One Hundred and Twenty-fifth street station report that a quarter past twelve o'clock this morning, the tug F. W. Devoe ran into and sunk the yacht Emeline, in the Hudson, opposite One Hundred and Twenty-fifth street. Frank Jenkins and William H. Rohan were drowned. All the other persons on the yacht were saved. The pilot, Thomas Walsh, was arrested.

A Great Odd Fellows' Temple.

CHICAGO, June 15.—In emulation of their Masonic brethren, the Odd Fellows have decided to erect a great temple of their order in this city. It will be located at the northeast corner of Van Buren street and Fifth avenue. The building will cost \$1,000,000, and it will be sixteen stories in height. The ground for the site will cost between \$450,000 and \$500,000. Work will commence as soon as plans are finished.

A Cowardly Deed.

HELENA, MONT., June 15.—James Woods, watchman on the steamer J. F. Joy, had a dispute with Capt. W. H. Holt about the display of lantern lights. Woods threatened to get even with Capt. Holt, and a few minutes later, while the latter was in a stooping position, Woods struck him in the back of the head with an axe. Capt. Holt died a few hours later. Woods escaped.

Burned to Death.

INDIANAPOLIS, IND., June 15.—Yesterday morning Joseph O'Donovan, a contractor on the Indianapolis & Vincennes road, opened a can of gasoline near the fire. An explosion followed and O'Donovan was almost roasted and died from his injuries.

Master Falls.

BALTIMORE, MD., June 15.—Samuel Strauss, Master has filed a deed of trust to Henry L. Austen and Henry D. Fisher for the benefit of creditors. Assets \$50,000. Liabilities supposed to be largely in excess of the assets.

All were Drowned.

CEDAR RAPIDS, IOWA, June 15.—A. D. Cooley and C. H. Anderson, of this city, and two young ladies living at Rockford, went out boat riding at Rockford last evening. The boat capsized and all were drowned.

A GREAT LOSS.

The Enormous Amount of Life Which Has Gone Out of the American People—Can It Ever be Recovered?

Have you noticed that there are more broken down men and weak women on our streets to-day than ever before? Have you not noticed that certain of your friends, whom you have always known to be strong and healthy, are, for some reason, weak and low-spirited? Is it not possible that you yourself feel a trifle less vigorous than in the past? Is it a fact that the American people are growing weaker, or is it due to some local cause? There can be little doubt that it is owing almost entirely to the fearful after effects of the Grip. This terrible and mysterious complaint, starting unaccountably and running severely, invariably leaves the person in a weak, nervous and run down condition, from which it requires much time to recover.

When people are in such a state, when nature is weak and broken, what would common-sense dictate should be done? Precisely what physicians say should be done, viz: Assist Nature, stimulate her lagging faculties, build her up! How? By using a pure medicinal stimulant, and for this purpose there is nothing equal to pure whiskey. Doctors, scientific men and the leading thinkers of the land have declared this and have unanimously agreed that there is no whiskey so pure and efficient as Duffy's Pure Malt. It stimulates healthily and builds up wasted tissues. It renews the nervous organization and adds to health. It is popular because it is so efficient. Great care should be taken, however, to secure only the genuine. Distrust any dealer who for any reason seeks to induce you to buy something "just as good." By the judicious use of this pure stimulant the after effects of the Grip may be removed and health and strength put in place of weakness and debility.

A PASTOR RESIGNS.

A Reformed Presbyterian Who Sympathizes With his Pittsburgh Brethren.

BELTIMORE, MD., June 15.—Rev. E. M. Smith, pastor of the Reformed Presbyterian church, has formally tendered his resignation. He said: "I want it distinctly understood that I do not consider myself a persecuted man. I have no word to say against the church. I was educated in the church, and some may think I ought to stay and give the church the benefit of that education, but I could not do so conscientiously. I will also state that it is my intention to get into the Presbyterian church if it will receive me."

The cause of Mr. Smith's determination to sever his relations with the Reformed Presbyterian church, happened on Wednesday in the Synod of that church at Pittsburgh, Pa., when he declined to vote on the expulsion of five young ministers who were tried on the charges of scandal, libel and following decisive courses in declaring in favor of the right of civil franchise.

All About a Pane of Glass.

CANTON, O., June 14.—During an altercation last night over a pane of glass Joseph Wise, a saloon keeper, almost instantly killed Charles Henderson, colored, by a blow of the fist. Wise demanded money for the glass, and claimed that Henderson assaulted him with a railroad spike.

Let the World Know You Are in It.

It seems almost a crime for a man to "hide his light under a bushel." If he has something new, that will benefit the human race, he should make it known. Old-fogy physicians tread the beaten path of their grandfathers, denounce advertised remedies, and never learn anything new. Medical science knows no parallel to Dr. Pierce's Favorite Prescription, compounded by a physician of skill and long experience, especially for the maladies which afflict women. It effects a permanent cure for those agonizing disorders which attack her frail organism, and is an anchor of hope alike to delicate girls and suffering women; contains no deleterious drugs. DRY ITCHING SCALES THAT CRACKED AND POPPED OPEN.

LINDLEY, STEUBEN CO., N. Y., April 11, 1890. FOSTER, MILBURN & Co., Buffalo, N. Y.

GENTLEMEN:—When about ten or twelve years old I was troubled with cracks across the palm of my left hand, and when they healed the trouble broke out on my head, and every winter it would come out as a sort of tetter and make scales all over my head. I have not been free from it a single winter since, but it was worse last winter after I had the grippe, for then it came out in spots all over my body. I had a doctor examine me, and he told me that there was no cure for me. I got worse and worse. Scales would form over the sores and then dry out until they would crack and pop open, showing a watery matter. My skin was all like a dry wrapper. It felt as though it had dried on me. The scales were so bad that they would collect in the bed and have to be shaken out. It was about this time that I commenced using B. S. S. I was so bad that I was ashamed to take my hat off before a neighbor. I had used five bottles of another medicine without noticing any effect; but when I commenced to take B. S. S. the sores came out thicker than before, and they burned like fire; they were immense blotches of fire that would burn so I could not sleep. The way they burned and itched can not be told, and I hope no one else may ever know from experience. The only relief I could get was from washing the sores with some B. S. S.

I stuck to the medicine and was on the fourth bottle before I could see that I was really better, although I know that it was better to get such rottenness out of my blood than to have it stay there. I did say once that I wished I had never commenced taking B. S. S., but my wife encouraged me, and to-day I thank her for the advice, for I am in good health now, and I don't believe I ever would have been with my blood in such a condition as it was.

My scalp how clean and clear of all scales and tetter, and on my body there are only small spots to show where the sores were, and these spots are free from scales. I do not doubt but that the cure will be perfect.

I am now on the sixth bottle and will take more until every spot is gone. I firmly believe that Burdock Blood Bitters will cure the worst disorders of the blood, for such certainly was mine.
